DISCOVERY

PORTSEA ESTATE

A boutique, family-owned vineyard, Portsea Estate is located on the century old Tintagel property overlooking Bass Strait at the very tip of the peninsula. Its unique 'terroir' derives from extensive limestone deposits and a top soil of calcareous sand and humus collected over thousands of years. The free draining, limestone rich soils provide ideal, and unique conditions for Pinot Noir and Chardonnay to thrive and have produced complex, layered wines of distinct character and minerality.

This winery experience is available *solely* for Envirofleet guests and not open to the public. Begin by exploring the estate and its amazing scenery. Principal winemaker and expert in Cold Climate techniques, Tim Elphic will then take you on a private tasting journey and offer an insight into the estate's specialisations and outcomes. Tastings take place amongst the vines or in the barrel room. Truly an experience not to be missed; reserved for groups of 4 to 12.

PRIDE IN WINE

MOOROODUC ESTATE

‘Established in 1982 by Richard and Jill McIntyre, Moorooduc Estate is a small, family run, award-winning winery that has developed an enviable reputation for complex and food friendly wines.

With the wines carefully crafted by the team of Richard McIntyre (owner/winemaker), Jeremy Magyar (winemaker) and Kate McIntyre (Resident Master of Wine), your experience here will be both intimate and incredible, ideal for the connoisseur or those just ready to learn more about their philosophy in winemaking – taking great pride in the minimal intervention and use of quality ingredients harvested from intensive, hands-on care.

Winning 1st place in *Gourmet Traveller* for ‘Best Cellar Door Experience 2020’, Cellar door managers Geoff and David will lead the tastings and guide you through a range of premium Chardonnay and Pinot Noir wines, as well as a rare look at a very pretty Pinot Gris On Skins’.

IMMERSE AT JACKALOPE

Feel the sophistication in some amazingly stylish spaces, from the extravagant cocktail bar, alluring art throughout, to the patio overlooking the stunning vineyard and peninsula nature. Soon after, you will be taken away to a fully private tasting area to familiarise, indulge and enjoy. An experience exclusive for Envirofleet guests.

Fertile grazing land for over 100 years prior, the 11-hectare Willow Creek Vineyard was planted in 1989. With a fastidious focus on cool-climate chardonnay and pinot noir production, Head Winemaker, Geraldine McFaul, makes some of the most elegant single vineyard wines on the Mornington Peninsula. Here, wines whisper a vinous vernacular, telling tales of seasons past and the winemaking cast.

WINE & DINE

RARE HARE, JACKALOPE

A food and wine affair now awaits, with a devil-may-care air; includes a fantastic 3 course lunch and bottle of wine. Rare Hare is a special sort of place, defined by aspect, soil, and toil.

Meanwhile for functions, the event space opens onto the Jackalope's tasting terrace, offering spectacular views over the vineyard.

RELAX, UNWIND QUEALY

The next stop is Quealy Winemakers. It's a bona fide Cellar Door that takes you into the heart of the winery.

Quealy have the widest range of grape varieties and styles in the region. This is the legacy of the ever inquisitive founding winemakers Kevin McCarthy & Kat Quealy. Their son Tom McCarthy now heads up the winemaking team, with Lucas Blanck forging a sustainable viticultural model. Their winery vineyard is certified organic, and includes perhaps the oldest Pinot Noir vineyard in the region established 1982, as well as a range of white varieties especially suited to skin contact and fermentation in amphora. Taste this interesting range of wines with warm knowledgeable hosts.
